

## Kyushu University Hospital Wireless LAN Internet Connection Service Terms of Use

### (Purpose)

Article 1. These terms and conditions shall stipulate the necessary matters concerning the use of the public wireless LAN Internet access environment (hereinafter referred to as “Public Wireless LAN” ) maintained by Kyushu University Hospital (hereinafter referred to as “the Hospital” ).

### (Modification of Terms of Use)

Article 2. The Hospital may modify these Terms of Use without notice when deemed necessary. If a user uses the Service after the modification of these Terms of Use, the user shall be deemed to have agreed to the modified Terms of Use.

### (Hours and locations of services)

Article 3. Users may use the public wireless LAN at the following places and times. In principle, this service is operated 24 hours a day, but this service may be temporarily suspended for maintenance or other reasons.

- (1) Outpatient (6:00 – 24:00)
- (2) Ward (6:00 – 24:00)

### (Required for use)

Article 4. Those who wish to use the public wireless LAN must prepare the following items at their own risk. The hospital will not lend out equipment, software, or other items. Users must take care of the equipment they bring with them. The institute will not be held responsible for theft, loss, damage, etc.

- (1) Smartphones, tablet PCs, notebook PCs, and other devices
- (2) public wireless LAN interface
- (3) Browsing software, etc.

### (Use)

Article 5. Users can connect to the Internet using public wireless LAN.

2. Users shall not use the public wireless LAN without agreeing to these Terms of Use.
3. Persons using the public wireless LAN shall be deemed to have agreed to these terms and conditions.
4. There shall be no charge for the use of the public wireless LAN.
5. Implement security measures on the terminal and use it at your own risk.
6. In order to support a variety of mobile terminals, the public wireless LAN communication path is not encrypted, so users must be aware that there is a possibility that malicious users may steal personal information, etc. before using the system.
7. Only services using HTTP and HTTPS are allowed. Network games, sending/receiving mail via SMTP/IMAP/POP, etc. are not allowed.
8. When accessing content with audio, etc., use earphones, etc., and be mindful of your surroundings.
9. The Institute will not provide individual support for use, such as connection methods, settings, and equipment operation.
10. Users must take care not to disturb other users or third parties.

11. When using the Service, the user must comply with any instructions given by hospital staff to refrain from using the equipment or other devices.

(Interruption of service)

Article 6. The service may be interrupted without notice when deemed necessary by the Hospital, such as when maintenance or construction of telecommunication facilities is unavoidable, when the telecommunication business of the connecting service provider is suspended, or when a serious operational event occurs.

2. The Institute shall not be liable for any damage incurred by the user or a third party due to the interruption of public wireless LAN service.

(Disclaimer, etc.)

Article 7. The Institute does not guarantee the completeness, accuracy, certainty, usefulness, etc. of any information, etc. obtained by users through the use of the public wireless LAN.

2. For the provision, delay, modification, discontinuance or abolition of the public wireless LAN service, loss of user information registered, provided or collected through the public wireless LAN, damage caused by computer virus infection of the user's terminal, data corruption or leakage, or any other damage incurred by the user in connection with the public wireless LAN, the Hospital shall not be liable for such damages.

3. Paid services used by a user on the Internet shall be paid for by said user.

4. The user's device settings for connection to the public wireless LAN shall be made by the user. In this case, the Hospital shall not be held responsible if the public wireless LAN cannot be used due to the model, OS, software, etc. to be connected.

In principle, the Hospital will not accept individual inquiries about how to connect to the public wireless LAN.

5. The Hospital shall not be liable for any disputes with other users or third parties that may arise as a result of the User's use of the public wireless LAN.

6. In order to ensure appropriate use of the public wireless LAN, the Hospital may record user access logs or restrict communication to specific sites.

7. The recorded access logs may be submitted to investigative agencies, etc. upon request.

8. The Hospital does not guarantee a stable connection environment and communication speed in public wireless LANs at all times.

9. In case of a large number of users, it may be impossible to connect to the public wireless LAN, for which the Hospital shall not be held responsible.

(Prohibited items)

Article 8. The following acts are prohibited in this service. If any of the following acts are discovered, the Hospital may immediately block the relevant communication. In the event that a user causes damage to another person by engaging in any of the prohibited acts, the user shall be responsible for resolving the matter at the user's own expense, and the Hospital shall not be liable for any loss or damage.
