## Medical Appointments

Our hospital requires a referral and appointment from other medical institutions. Therefore please visit your "family doctor" first. Your family doctor will make an appointment for your first visit at our "Reservation Center".

- |                              |                                                                                                                 |
|------------------------------|-----------------------------------------------------------------------------------------------------------------|
| ① Patient                    | ▼ See your family doctor                                                                                        |
| ② Family doctor              | ▼ Fax a "first visit application form" and "referral" to KUH                                                    |
| ③ Kyushu University Hospital | ▼ Fax an "appointment sheet" and "confirmation sheet" to your GP                                                |
| ④ Patient                    | ▼ Receive an "appointment sheet", "referral (medical report)", and images, etc.                                 |
| ⑤ Patient                    | ▼ Bring your "appointment sheet", "referral", and images received from your GP to KUH on your consultation day. |

For first visitors: **"Reservation Center"** Reception hours: 9:00-17:00 (Weekday only)

**Medical Reservation** PHONE: 092-642-5508 FAX: 092-642-5509

## Dental Appointments

Please confirm whether or not an appointment is required depending on the department. If you have any questions, please ask the reservation center (in charge of Dental Department).

\* If you are currently receiving medical care at our hospital, please consult with your doctor or department as they can provide you with an in-hospital referral (to see another department).

**Reservation Required** Please make a reservation in advance by phone.

Centers, Departments, etc.	Target Department/Treatment	Phone	Applicant
Reservation Center (Dentistry)	Orthodontics, Dental Anesthesiology, General Dentistry (for outpatient halitosis), Oral & Maxillofacial Surgery (Same-day tooth extraction and cleft lip and palate treatment)	PHONE: 0570-088-577 Reception hours: 9:00-17:00 (Weekday)	● Medical institution ● The patient himself/herself (if there is a referral letter)
Regenerative Dentistry & Implant Center	Implant treatment	PHONE: 092-642-6361 Reception hours: 9:00-17:00 (Weekday)	Either way
Oral & Maxillofacial Radiology	Imaging tests in the head and neck region	PHONE: 092-642-6471 Reception hours: 8:30-17:00 (Weekday)	● Medical institution

**No Reservations Required** Please receive a referral from your family doctor and come to our hospital well in advance of your first visit.

Department	Pediatric Dentistry & Special Needs Dentistry, Endodontics, Periodontics, Removable/Fixed Prosthodontics, Geriatric Dentistry & Perioperative Oral Care Center, Oral & Maxillofacial Surgery (except an immediate tooth extraction or cleft lip and palate treatment), General Dentistry (except halitosis outpatient)
------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Applications will be accepted at the General Information on the 1st floor in the order of arrival. First visitors: 8:30-11:00 (Weekday)

## Secondary Exams (re-exam/close exam required) after medical check-ups (complete medical check-ups, etc.)

If the results of your medical check-up (complete medical check-up, etc.) indicate that a secondary examination (re-exam/close exam) is required, an appointment can be made from the individual patient.

Please call the exclusive number below for the secondary examination.

**Exclusive Number** **Reservation** TEL 092-642-4370 Reception hours: 9:00-17:00 (weekday only)

- Notes
- A return visit to the medical department will be treated as a first visit if there is more than one year interval.
  - A return visit to the dental department will be treated as a first visit if there is more than six months interval.
  - If you do not have a referral, you will be required to pay a flat rate of 5,500 JPY for medical care and 3,300 JPY for dental care in addition to the treatment fee. (Without a referral, certain departments will not accept patients.)

## Medical/Dental Outpatient Flow

The outpatient ward at Kyushu University Hospital is divided into east and west floors, and each floor has a **block reception desk** for multiple departments. The **block reception desk** confirms the arrival of patients, insurance cards, and the completion of consultations/examinations.

The basic flow of patients' consultations/examinations is: After completing procedures at the **first visit reception desk** or using the **return visit check-in machine** on the 1st floor of the outpatient ward, patients go through the **block reception desk** before seeing a doctor.

### First Visit Flow

Please bring your "appointment sheet", "referral (medical report)" and "CD/film images" received from your family doctor, together with your "health insurance card" when you come to the hospital.

#### ① General Information

Receive your "number tag".

#### ② First Visit Reception **Counter 1**

Submit your "appointment sheet", "referral (medical report)", "CD/film images" and "health insurance card"

Receive your "check-in sheet" and "patient ID card".

#### ③ CD Administration Room

Submit your "check-in sheet" and "CD images".

#### ④ Block Reception

Submit your "check-in sheet" and "CD images".

#### ⑤ Consultation Room

Consultation with a doctor

Make a return-visit appointment

#### ⑥ Block Reception

Submit your "check-in sheet".

Receive your next "appointment sheet".

#### ⑦ Accounting **Counter 4**

Submit your "check-in sheet" if you have an examination after consultation.

#### ⑧ Cashier **Counter 5**

Make payment at "payment machine" or "cashier".

#### ⑨ Outpatient Prescription Counter

Submit your "off-site prescription".

Check-in Sheet  
Patient ID Card

1F Elevators  
Please go to your clinical department by outpatient elevator or escalator.

Guidance Monitor  
If you see your daily number written on the top right of your check-in sheet on the monitor, please go to a waiting room or enter a consultation room.

Return Visit Check-in Machine

Blood Testing Lab

### Return Visit Flow

#### ① Return Visit Check-In Machine

Insert your "patient ID card" into the "return visit check-in machine" and receive your "check-in sheet".

Please go to **Counter 3** Revisiting Patient Reception if you forget your patient ID card.

#### ② Outpatient Blood Testing Lab

3F west side of outpatient ward  
Submit your "check-in sheet if you have a blood test before the consultation.
